SOIREE OF SIN DRESS, REINDEER FAIR ISLE DRESS \$39.99

THE HOLIDAYS ARE WEIRD

Your obnoxious Ivy league cousin bragging about her hedge fund job, a kiss on the lips from your distant uncle, running into your high school sweetheart (who still hates you btw) at the home town watering hole -- The holidays are filled with strange, awkward moments.

While there may be no way to avoid noticing the subtle marital issues bubbling between your brother and his new wife, you've worked hard this year, and you owe it to yourself to find a reason for the season. Hint: it's not extended black friday sales at Kohl's.

Put on something ridiculous, grab some tasty beverages with the crew, and sing anything but Mariah Carey's, All I Want For Christmas is You, at the top of your lungs. Remember to never take yourself too seriously.

This catalog is dedicated to good times with good people... oh, and to Karen from Palo Alto who (hated last year's catalog so much she felt it necessary to call and remind us "you're damn right you're not J. Crew, you're Crap!") really did not like receiving this last year. We hope you laugh as much reading it as we did making it.

PUPPY STYLE

Sniffing butts. Humping legs. Peeing on everything.
Matching owner & dog suits gives you the right to talk to your
dog like a human, piss on anything, and sniff the asses of strangers.

Matching owner & dog suits blur the line of animalistic and just plain weird.
*Doesn't mean you can now talk to your dog like a human. That will always be weird.

BALL HAMMOCK BOXER BRIEFS

WELCOME TO BALL-HALLA

Men's Health called them "the most comfortable underwear you'll ever wear." Maxim said they're perfect for turning you mini-me into a "screamin' eagle." Our mother's said, "this is not how we raised you."

Introducing Hog Hammock boxer briefs, known as the second softest place to put your D in. The hammock lifts the twins up and away from the grundle, giving them the respect and space they deserve.

DETAILS

- Materials: 95% MicroModal, 5% Spandex
- Lightweight, breathable, moisture-wicking
- Resists shrinking, fading, and wrinkling
- 4-way stretch, gusseted crotch, and anti-bunching construction
- Soft, flexible waistband
- Durable no-itch flatlock stitching
- Ball Hammock Technology: Helps prevent the twins from getting crushed in the grundle

The Ugly Christmas Sweater, Dies at 15 2002-2017

The Ugly Christmas Sweater trend, which never should have been such in the first place, has died a slow, lonely death with no one by its bedside.

Birthered from the creators of cargo shorts, JNCO jeans, and hands-free Bluetooth earpieces, the ugly Christmas sweater gave nothing back to society except a few cases of bed bugs.

Worn by the likes of Adam Sandler, Pauly Shore, and Andy Dick, the ugly Christmas sweater, too, burned faster than bright, never to be taken seriously again.

The sweater was last seen either covered in dust, sticking out of back alley Goodwill dumpsters, or abandoned in the back closet of every suburbanites home who came to their senses and realized ugly Christmas sweaters are for inferior, slum like humans.

“They always smelled like a mix of mothballs and asbestos,” said one wearer of the Ugly Christmas sweater. “I don’t think anyone has been laid in one of those since ‘Nam,” he added.

Ugly Christmas sweaters are survived by Crocs, fidget spinners, and Macaulay Culkin. There will be no service held in the memory of ugly Christmas sweaters.

STOCKING STUFFERS FROM SANTA'S SACK

the year of the mullet

It's soon to be 2018, and with everybody feeling the need to place a label on everything, we felt the need to label 2018. Introducing The Year Of The Mullet

Why the mullet? Two words: David Bowie. Two better words: Chuck Norris. When Iran banned the mullet in 2010, they divided the world into two types of people: those who have mullets and fuck everybody else.

The mullet captures the true American spirit of grit, moistness, and respect, while showing absolutely no respect at the same time.. But it doesn't stop there. Throw your neck sunscreen away. The beaver tail like mullet covers the back of your neck like a natural turtleneck.

mullet:

Independent, nasty, highly sexual, defiant, moist, and elusive, mullets carry the same responsibility as an El Camino. They're the speak-easies of hair cuts - quiet in the front, rager in the back. They lust, not love. Mullets should not pair with chops, as the Alpha personalities will undoubtedly leave you with a baby out of wedlock. They are the mongooses of hair styles - heavy and highly territorial. Scrappy and highly territorial. No seriously, try touching another mans mullet without permission. There are no first count experiences on that because most of the are dead.

The mullet is a bread of a pit viper and Kazakhstani eagle, bread for the hunt, not for the kill. Eagle on top to protect what lies just beneath, the sexy beaver-tail like hair.
